What has been the most challenging part of your job recently? And, have you made any changes to try and solve some of those issues? Managing multiple facilities with different staffs.

What have been the most important steps in your life (schools, jobs, etc.) that have led you to where you are today? The USN Nuclear Power Program.

Many people who work within the FM world have to act as ‘leaders’ in their jobs. What do you think makes a good leader, and have you done anything recently that has made you a leader?

A year from now, what will you have hoped to accomplish, professionally or personally? Professionally: I hope to have a stronger staff with standardized goals and a better training program. Personally: I want to have a single digit handicap by next spring.
